NOAH MINISTRIES

THROUGH IT ALL by Mike Jones

August weather is beautiful in Zambia. The old Land Rover bounces down the dusty road, kicking up a flume of dust on my way to church. I gave some people lifts that were walking to church. I noticed they all had clothes and skin tone the color of dust (no air conditioned transport). I've already been up for hours seeking the Lord and preparing to preach the Word.

This is the day that the National elections results should be announced. Churches are still under covid-19 restrictions, which seem to be hypocritical when looking at the campaigning.

The churches have been praying for peaceful elections. I've heard some of the rallies chanting "we want peace". On the night before the elections I could hear the sounds of fer-

vent prayers coming from various places where people had gathered for all night prayer meetings around Kalomo. I thank God for allowing me to experience such a great event! A nation truly praying for anything is a great event. Me and Linda, and many, many others gave/have given large portions of our lives for Zambia and Africa to be saved. Our part may

have been small, but we had a part. And you, as our partners had a part. And our "parts" are still growing and expanding.

I got to church a little early, so the Pastor served me some tea and buns in his house. Actually, he didn't have any tea

leaves, so it was hot water with some milk. A steady flow of people came inside the house to express their love and respect for Linda, having gone home to be with the Lord, and comforting words for me. The church service also took time to tell how much they missed Linda, and condolences to me.

When I stood up to preach, the church was full of people.

The Holy Spirit moved in power over us all. Sometimes the church erupted in shouts of joy, while other times a great hush of silence fell as God spoke directly into the hearts of the in-

dividual. Not only did God change the hearts of the congregation to be more like Him, the senior pastor was "moved by The Spirit" above all others. I can't tell you what he said, but he is "burning with fresh fire".

CONTINUED

from front

This is what has happened every where I've been since I got back from America. As pastors came to comfort me during the time of sorrow, they would leave asking me to come and preach. Maybe it's because the people have shown so much of the love of God toward me. For the first couple of weeks people were steadily coming to my house to pay their respects.

Some would call me to see if I'd be home before traveling rather long distances on public transport (which isn't very comfortable).

The Electoral Commission announced the winners. We have a new President in Zam-

bia. I haven't followed the news closely, but I can tell you everything I've seen and heard has been very peaceful. We pray for Zambia, and every nation, that they anchor government on the verse from the Holy Bible that anchored the

founding documents of the United States (even if you don't believe the founding fathers anchored their personal lives with this verse), "The heart is deceitful above all things and desperately wicked: who can know

it? (Jer 17:9).

I'm still trying to get things organized in the house, finding everything, and keeping everything going knowing Linda won't be back. None of our children or any of the Noah Ministries "family" in Africa has contracted covid-

19 or any such sickness. Your prayers for this ministry are obviously having great effect. Your partnership continues to yield

good and plentiful spiritual fruit. I spend every dollar the way I would my personal money, not doing things the easy way, but in a way that advances the Kingdom of God and gives Him glory. Remain Faithful,

Prayer

For upcoming MOT-MOT and new classes.
For changes and organization without Linda..
For my family during this time of sorrow.

Praises

For generally very peaceful elections
For the fresh anointing to minister.
For the great outpouring of love shown me.
