BABY OR BORN, HE IS RISEN

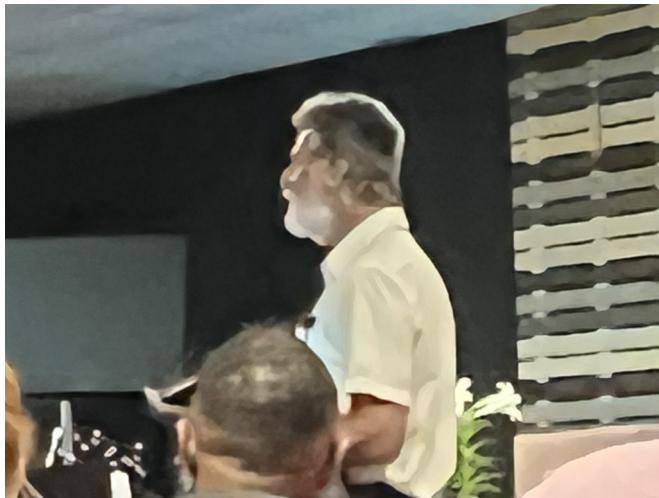

by Mike Jones

Celebrating the resurrection of our Savior in a packed church (multiple services packed) of worshippers with my daughter's family was exhilarating! Doing it while already celebrating the birth of another grandchild was truly wonderful. Flying to America used to be just a matter of paying for the tickets. These days so many things must be done and in the right order, and then there is covid-19. Getting a negative test result in Zambia the day before you fly is full of possible problems. By God's grace, everything was a "breeze", like I was a V.I.P. The trip was planned around the

birth, as Linda had always tried to do. This baby came a few days early, so I missed it by a couple of days. Another grandchild that will live the abundant life and spread the Good News (in Jesus' name).

Preparing to be out of Zambia for a couple of months, as I'm sure you can imagine, had me on

the run right up until I departed Kalomo. Our orphaned children can't wait to eat until I get back. Neither can the various governmental people wait for paperwork and money. The workers must be paid, and the list goes on and on. In the midst of the business, The Lord gave me a message to share. I don't have much

communication with many people in America, probably because it used to be very difficult and expensive. As I'm sharing this message, pastors are telling the congregation, "I haven't talked to Mike about anything he shared." The whole covid-19 thing has put multitudes of people in 'uncomfortable' positions. God

knows and has already made a way for every one of them.

No matter how many hundreds, or thousands, of people we see coming to Jesus, or healed, or delivered, we also see problems/tribulations. We have an enemy called Satan that comes to kill, steal, and destroy. It seems the more we do for The

Kingdom of God the more attacks come. And they don't stop because I'm in America. I know God has led me this far and it is well with my soul. Everything we have built for the Lord makes us a target, but I have great confidence your prayers will come, like a flock of geese honking prayers of faith that overcome all the works of the devil. I just got a message that some items were stolen from our valley location. I believe God will restore double, and the thief will repent. I feel the strength of God coming over me now to work even harder in that area spreading the good news and giving the devil a black eye.

CONTINUED

As I'm writing, one of our mothers, Daisy, at the orphanage across the Ngwezi River died. She was taken to the hospital, having dealt with a blood pressure problem for months. She found her purpose/calling probably fourteen years ago raising many children (some of them from only a few days old) literally as her own (which requires the grace of God). She was the Head Mother at that site and a member of the local church board of directors. She

was one of the mothers that saw little Komana raised from the dead, and many other miracles. She has gone home. We will miss her until we join her in glory.

The precious orphaned children that are such a blessing to me, "Uncle Mike", being raise up 'in the Lord' are all doing great. They will surely miss Mama Daisy greatly, but they are probably much more familiar with death and life than most children their ages. The School of Ministry (MOT-

MOT) classes resume when I get back, but ministry continues. Church planting teams were already planned and organized to plant churches while I'm in America. Every week our students and graduates are being used by God, seeing people in places most have never heard of saved, healed, delivered, and filled with the Holy Spirit. Your prayers and support through days (years) of trials has sustained me and Noah Ministry in the storm, but as if we are riding above it all. Remain Faithful,

DAISY

Prayer

For family of Mama Daisy now in glory.
For sharing about Zambia while in USA.
For God's favor on the work in Zambia.

Praises

For God blessing in midst of trials.
For productive travel to USA and work.
For His provision throughout lockdowns, etc.
